NOTE WITH REGARDS TO ACTIVITY:

We have defined 'cataract surgery' using HRGs. There was a change between 2016-17 and 2017-18, where the eye surgery codes changed completely. Shown below are the codes we've used, but there remains a caveat that 2016-17 is counted differently.

2016-17 uses HRGs: BZ01Z, BZ02Z, BZ03Z, BZ04Z

2017-18 and beyond uses: BZ30A/B, BZ31A/B, BZ32A/B, BZ33Z, BZ34A/B/C

We've included all types of activity, elective inpatients, emergency admissions, and outpatient procedures.

2016/17 = **4,025**

2017/18 = **3,675**

2018/19 = **4,204** *this figure is based on 11 months data (Apr-Feb) forecasted using a flat profile to a 12-month position*

2019/20 = **4,181** *we have not yet received the detailed (HRG-level) breakdown of all contracts to which we are a party. We have calculated the % change for the contracts we do have, and applied this to the 2018-19 outturn.*
