Dear

Re: Freedom of Information Request

Thank you for your Freedom of Information request that we received on 29th July 2019, with regards to mental health services.

Request:

Can you please provide the names and catchment areas served of the mental health crisis resolution / home treatment teams (a mental health service that provides rapid response and/or intensive home treatment for people in crisis) that you commission?

Please include services that are only available to specific demographics (children and young people, working age adults, older adults, and dementia).

Response:

For adults in Liverpool, we commission a single service from Mersey Care NHS Foundation Trust for patients registered with a Liverpool CCG GP Practice.

Child and Adolescent Mental Health Services (CAMHS) are provided by Alder Hey Children's NHS Foundation Trust. There is currently no crisis resolution or intensive home treatment commissioned locally for children and young people.

We wish to take this opportunity to inform you that a formal complaints and internal review procedure is available to applicants who are unhappy with responses provided to FOI requests. You can formally request an internal review within a reasonable period of time (2 calendar months) from the date this response was issued.

Where you are not satisfied with the decision of the internal review you may apply directly to the Information Commissioners Office (ICO) for a further review of that decision.

Generally, the ICO cannot make a decision unless you have exhausted our complaints procedure in the first instance.

The ICO can be contacted at:

Should you require any further information, clarification regarding this response or do not feel that your request has been answered as you would expect, please contact us to discuss.

Yours sincerely,
