January 2020 Newsletter

Over the counter medicines consultation

Take part in a city-wide consultation on proposals to limit prescriptions for some 'over the counter' medicines by filling out a short survey by 31 January 2020.

Update on our Urgent Care Review

Between 15 November 2018 and 31 January 2019, we asked people to share their views and experiences of using urgent care services in the city. You can now read a summary report about

the findings from this engagement and find out more about the next steps.

Update on changes to orthopaedics

In summer 2017, we consulted about a proposed reconfiguration of Orthopaedic and Ear, Nose and Throat (ENT) services across Aintree, Broadgreen and the Royal Liverpool University Hospitals. It was clear from the consultation feedback that there was support for these changes, which are due to be implemented soon.

Practical advice service helping to tackle causes of ill health

An evaluation of our Advice on Prescription service, which is delivered in partnership with Citizens' Advice Liverpool (CAB), has shown how it is helping some of the city's most vulnerable households to increase their income and reduce debt.
